In your new role as a Front-End Junior Developer, you will be responsible for:

- Leading the Frontend Team
- Collaborate with designers and back-end developers to translate UI/UX mockups and prototypes into clean, responsive, and user-friendly web interfaces.
- Develop and maintain high-quality, reusable, and well-documented front-end code using HTML, CSS, and JavaScript.
- Implement responsive design principles to ensure websites function flawlessly across various devices (desktops, tablets, and mobiles).
- Write unit and integration tests to ensure code quality and maintainability.
- Identify and troubleshoot bugs and technical issues to ensure a smooth user experience.

- Stay up-to-date on the latest front-end development trends and technologies.
- Participate in code reviews and contribute to improving our development processes and tools.

Your working hours will be between 9:00 am and 5:00 pm Monday through Friday. No free (off) day but the management will provide lunch 3 days a week.

However, you may resign your appointment by giving one-month notice in writing. In the event of your wilful misconduct whereby Centrifuge Information Technology Limited is brought into disrepute or when your services are no longer required, the appointment may be dispensed with and the period of notice shall be at the company's discretion.

We are confident that you have the skills and potential to excel in this new position.

Yours faithfully,
For Centrifuge Information Technology Limited
